Safe on bottoms

Busy families are looking for simple, effective ways to clean and keep a healthy home. Steam is a safe and economical cleaning solution for solid-surface floors and an alternative to sanitizing and deodorizing surfaces with chemical cleaners. HAAN's line of steamers kill 99.9% of household germs and bacteria using only water.

Put HAAN steamers on your shelves and you'll be adding more than a great product, you'll be adding peace of mind.
